

MARSHALL ACCEPTS INVITATION TO BALL

Bid Forwarded Early in Week, But Due to His Movements, Had Not Reached Him.

Thomas R. Marshall last night signified his intention of attending the Democratic ball to be given at the Arcade by the National Democratic Association the night of March 4. An invitation was sent to Mr. Marshall early in the week, but, due to his movements during the past few days, had not reached him last night. Representative Lincoln Dixon, of Indiana, a member of the organization giving the ball, saw Mr. Marshall at his hotel last night, when he promised to attend, with Mrs. Marshall.

Josephus Daniels, the North Carolina editor who probably will be Secretary of the Navy during the coming Administration, sent word last night that he would be very pleased to attend the ball. Governor Dunne and his staff will be guests at the ball. It was announced last night, an acceptance of the invitation sent him having been received yesterday at the headquarters of the association, 912 Tenth street northwest. Governor Miller of Delaware, accompanied by his staff, will also be guests at the ball. Officers of the association giving the ball have been advised. It was announced last night, that Governor-Manager of Missouri, Speaker Clark, and the entire Missouri delegation in Congress will attend the ball after the banquet given them by the Missouri Society early in the evening.

The personnel of the escorts for the many governors of States who have accepted invitations to the ball will be completed today. The escort for each governor will consist of a Senator and Representative from his State, and a member of the association. Speaker Clark and Mr. Marshall will also be escorted by a committee and escorted to the ball.

Reading for Blind to Be Omitted Tuesday

On account of the inaugural festivities, there will be no reading for the blind in the Public Library on March 4. The program for the musical to be held for the blind on March 7 at 8 p. m. will be rendered by Norman E. Daley, pianist, and Miss Kathryn Brill, soprano. Seats at this entertainment will be reserved for the blind and their escorts. After they are seated they will be freely open to the public until they are all taken.

Wilson Medallion

Designed By Miss Agnes Lodberg.

WILSON MEDALLIONS ATTRACT ATTENTION

Work of Miss Agnes Lodberg, Now Capital Guest, Has Governor's Approval.

Medallions of President-elect Wilson—miniature bronze medals with his profile chased upon them—have been made by Miss Agnes Lodberg, a sculptor, of Newport, R. I., whose work for the aristocratic New York set which summers there has attracted wide attention.

Miss Lodberg is well known in Washington society circles, and during the inauguration period will be the guest of Commander and Mrs. E. H. Tiltman, U. S. N., of 1720 Q street northwest. She was recently given sittings by Governor Wilson at Trenton, and her work met his approval. Some of her best-known bronze medallions are those of Admiral Chadwick and Atherton Blight.

Miss Lodberg, whose Wilson medallion has been cast by the Gorham Company, of New York, is a native of Denmark, and a graduate of the Royal Academy of Fine Arts in Copenhagen. She has been in the United States seven years.

Boston Irish League To Honor Michael Ryan

BOSTON, March 2.—The United Irish League of Boston will give a reception at the American House the evening of March 16, for Michael J. Ryan, city solicitor of Philadelphia and national president of the home rule forces in America.

SURE W. B. WILSON IS TO BE IN CABINET

Samuel Gompers, at Banquet, Says Congressman Is Man for Labor Secretary.

Members of the Washington Central Labor Union today believe they winned and toasted one who will be in the Cabinet of President-elect Wilson at their annual banquet at the New Ebbitt last night. No hesitant note of prediction ran through the speeches glowing with laudation for Congressman William B. Wilson of Illinois, but one of confident certainty.

"I have talked with Woodrow Wilson a number of times recently on the subject of getting our Mr. Wilson into his Cabinet, as Secretary of the new Department of Labor, and I violate no confidence when I say I have good reason for believing he will be appointed," said President Samuel Gompers, amid cheers.

Among those who spoke of their high regard for the "labor member" from Illinois were Congressman Hardy, of Texas; Prof. Willis Moore, Secretary of the American Federation of Labor, and Vice President James O'Connell. Among the guests were Congressman McDermott of Illinois, Congressman Frank Buchanan of Illinois, Judge Rufus Hardy, of Texas; James O'Connell, Thomas Tracy, James A. Gleason, Milton Snellings, John A. McDonald, John F. Costello, P. J. Ryan, P. Shugrue, Samuel Donnelly, George Cleary, Joseph A. Wilmer, Oscar F. Nelson, Prof. Willis P. Moore, William Clark, Arthur Heider, Walter Sherwood, Pennsylvania; Capt. William Westcott, of California; W. R. Bailey, of Alabama; Frank Peckham, of Pennsylvania; John G. Colpoza, Charles Winslow, Grant Hamilton, Albert Barriel, George Farrah, Samuel Gompers, Luke Ludlow, S. Edward Beach, Thomas McQuaid, James Lynch, president International Typographical Union.

Public Pays for War Of Hard Coal Miners

The public paid the freight in the case of the anthracite coal miners strike and subsequent wage increase. Not that this is news to any purchaser of hard coal, but the specific figures are now known.

In brief, the facts are these, according to a report to the House by the Secretary of Commerce and Labor: The miners got a wage increase of \$1,000,000. The product went up \$12,500,000 in price. The operators, chiefly the "trust" operators, or the coal roads, have pocketed the difference, \$2,500,000. Coal for domestic use went up about 3 cents a ton. The miners received a raise of 5 or 10 cents a ton.

CAVALRY TROOPERS DRILLED BY STIMSON

Secretary of War Satisfies Old Craving to Take Command of Body of Horsemen.

"Troop left front into line!" shouted Secretary of War Stimson to Troop A of the Fifteenth Cavalry at Fort Myer, and the troopers wheeled into troop front just as if a regular West Point-graduated, commissioned officer were shouting at them.

Secretary Stimson, in drilling a troop, gratified what he described as "a secret ambition of six years."

The Secretary of War in theory could take command of an entire brigade, division or army and issue orders—it knew them. However, the drill at Fort Myer is probably the first on record where a Secretary of War put soldiers through actual evolutions.

Secretary Stimson used to be a member of the fashionable Squadron A, of New York, and in the back of his head cavalry tactics were a rather vague memory. Before going to Fort Myer he brushed up a little and with excellent result, according to the cavalry officers who looked on and who nursed a sinful hope that Mr. Stimson would get the troop inextricably "balled up."

TUMULTYS DUE IN CITY THIS EVENING

President-Elect's Secretary and Family to Pass Night in Calvert Street Home.

Joseph P. Tumulty, secretary to the President-elect, his wife, and six children will arrive in Washington this evening, to make their home for the next four years. Mr. and Mrs. Tumulty and their children left Jersey City for the National Capital this afternoon. Tonight they will be occupied in getting settled in their Calvert street home. Tomorrow afternoon Mr. Tumulty will join Mr. Wilson at the Shoreham.

Jersey City is the boyhood home of Mr. Tumulty, and he and his wife have been saying good-by to friends and relatives there and packing up household goods for several days past. Mr. Tumulty's father, his brother, and sister, and a number of friends spent the last few hours with the secretary and his wife.

Mr. Tumulty had been in this city for several days, but on Saturday he returned to Jersey City to get ready to come here permanently.

French Army Officers To See Wireless Test

The preliminary tests to determine the difference of longitude between Washington and Paris, to be conducted at the Arlington wireless station, will be studies by four French army officers, who will sail from Havre on the Provence March 8.

The tests are the most important scientific studies yet undertaken by the two governments in connection with wireless telegraphy. At present the Arlington station receives messages direct from the Eiffel tower in Paris, but none of those sent from Arlington has yet reached Paris.

Talk of Palestine.

An illustrated talk on Palestine was given by George H. Hall at the Maine State Association meeting last evening. Plans for visitors from the Pine Tree State for participation in the inaugural festivities were discussed.
